

CERTIFICATE

We confirm to the company
crossculture academy GmbH

an adequate level of
IT security and cybersecurity measures.

The crossculture academy GmbH has demonstrably taken comprehensive measures to ensure the security of its IT systems and data.

Measures implemented:

- ☒ Implementation of modern firewalls and intrusion detection/prevention systems
- ☒ Regular implementation of security updates and patches
- ☒ Comprehensive encryption technologies for sensitive data
- ☒ Establishment of strict security guidelines and regular training for employees
- ☒ The company fulfills the currently required minimum IT security criteria visible from the outside (online) and is difficult to attack.
